

HLTAID004

Provide an emergency first aid response in education and care setting

This course for teachers and carers provides the skills and knowledge required to deliver a first aid response and life support as well as the management of casualties, the incident and other first aiders in a range of situations in education and care settings. This course is also suitable for parents wanting child focused, comprehensive, accredited first aid training. The unit applies to educators and support staff working within an education and care setting who are required to respond to a first aid emergency, including asthmatic and anaphylactic emergencies.

This unit of competency may contribute towards approved first aid, asthma and anaphylaxis training under the Education and Care Services National Law, and the Education and Care Services National Regulations (2011).

What is the USI?

The Unique Student Identifier is a National Government initiative for all students from 1st January 2015. Your USI account will contain all of your nationally recognised training records and results completed from 1st January 2015 onwards. This will assist when you are commencing employment with a new employer or if you are commencing study with a new training organisation.

Every student from January 1 2015 is required to have a USI before we can issue your certificate.

You can apply for your Unique Student Identifier at the link below <https://www.usi.gov.au/>

There is a requirement of the training package is that you are to be assessed as physically capable of performing uninterrupted CPR for at least 4 minutes on an adult resuscitation manikin placed on the floor.

Do I need to have completed previous study?
no
